Education

December 2014 **University of Glasgow** Glasgow, Scotland

Doctor of Philosophy. Dissertation: *Finding Forgotten Fields: A Theoretical and Methodological Framework for Historic Landscape Reconstruction and Predictive Modelling of Battlefield Locations in Scotland, 1296-1650*

December 2010 **University of Glasgow** Glasgow, Scotland

Master of Letters, Distinction, Battlefield and Conflict Archaeology. Thesis: *Conflict Cartography: Landscape Reconstruction and Analyses of Historic Battlefields*

December 2006 **Middle Tennessee State University** Murfreesboro, Tennessee, USA

Bachelor of Science in Anthropology, Magna cum laude. Minors in Archaeology and History

CURRENT POSITION

August 2016-Present, Assistant Professor
Director, Camp Lawton Archaeological Project
Georgia Southern University, Department of Sociology and Anthropology

PREVIOUS POSITIONS

November 2014 to December 2015, University Teacher
University of Glasgow, Department of Archaeology**,** Glasgow, United Kingdom

October 2010 to November 2014, Graduate Teaching Assistant
University of Glasgow, Department of Archaeology**,** Glasgow, United Kingdom

March 2009 to July 2009, Archaeological Technician
Weaver and Associates, LLC, Memphis, Tennessee

July 2007 to January 2009, Staff Archaeologist
Cumberland Research Group, Murfreesboro, Tennessee

January 2007 to July 2007, Archaeology Apprentice
USDA-US Forest Service, Land Between the Lakes NRA, Golden Pond, Kentucky

RESEARCH, PROFESSIONAL INTERESTS, CERTIFICATIONS

Research Interests:

Conflict Archaeology	GIS/LiDAR
Historical Archaeology	Digital Technologies in Archaeology
Environment and Landscapes	Anthropology of Violence and Conflict
Southeastern Archaeology	Archaeology of Scotland

Skills: Excavation, landscape reconstruction through GIS and LiDAR data, map regression, identification and excavation of human remains, historical research, writing and publishing reports. Experienced with: Microsoft Office Suite, ESRI ArcGIS, QGIS, Pathfinder, ArcPAD, GPSAnalyst and GPSCorrect. Experienced with using professional and navigational grade GPS units, Total Stations, and metal detectors for a variety of survey types.

Certifications: First Aid (expires 2018).

TEACHING EXPERIENCE:

Current Course Offerings, Georgia Southern University

ANTH 1102: Introduction to Anthropology
ANTH 2331: World Archaeology
ANTH 3136/6091: Historical Archaeology (Undergraduate/Graduate)
ANTH 4137/6091: Archaeologies of Conflict (Undergraduate/Graduate)
ANTH 4232: Archaeology Field Session (Spring)
ANTH 4263: Archaeology Field Session (Summer
ANTH 6235: Advanced Archaeological Analysis
ANTH 6262: Archaeology Field Session (Graduate level)
ANTH 7999: Thesis Hours
UHON 4999: Honors Research

Past Courses, University of Glasgow, 2014-15:

ARCH 1002: Archaeology in the Modern World (general education; required for Archaeology majors)
Co-taught in thematic blocks with two other lecturers.
ARCH 2011: Theory and Practice in Archaeology (upper-division; required for majors)
Co-taught in thematic blocks with one other lecturer
ARCH 4019: Theory and Interpretation in Archaeology (upper-division; required for majors)
Course Convenor. Co-taught with three lecturers in thematic blocks.
ARCH 4026: Geographical Information Systems in Archaeology (upper-division)
Course Convenor and sole instructor.
ARCH 5018: Geographical Information Systems for Archaeological Projects (postgraduate)
Course Convenor and sole instructor.
ARCH 5086: Research and Professional Skills (postgraduate). Core course, co-taught.
ARCH 5030: Method and Theory of Battlefield Archaeology (postgraduate, Fall 2015). Co-taught
ARCH 5038: The Art of War (postgraduate, Fall 2015). Co-taught

SUPERVISION OF GRADUATE TEACHING ASSISTANTS:

Supervised GTA's, prepared tutorial and practical materials for sessions, collated attendance records, and provided advice and guidance on teaching delivery and essay marking at the first year (freshman) level.

Graduate Teaching Assistant Experience:

September 2010 to December 2014:
Level I Courses (First Year)
ARCH1001 Archaeology of Scotland
ARCH1002 Archaeology in the Modern World:

Level II Courses (Second Year)
ARCH2004 Archaeology of Europe and the Mediterranean

ARCH2011 Field Archaeology in Theory and Practice

History Level IV (Fourth Year Honours)
HIST4192 Warfare in Scotland 1: From Mons Graupius to Sauchieburn

Archaeology Level V (Graduate)
ARCH5009 British Battlefields

AWARDS AND FELLOWSHIPS

2010-2014 University of Glasgow, College of Arts, Postgraduate Scholarship, £31,800.00
Covered International tuition for PhD study, and £200 per annum award for research use.

FUNDED RESEARCH and TRAVEL GRANTS

2020 National Park Service, American Battlefield Protection Program

$116,247.00. The Devil Came to Georgia: LiDAR Survey and Remote Sensing Investigation of two 1864 American Civil War Skirmishes in Jenkins/Burke Counties, Georgia

Georgia Southern University
2019 Faculty Development Committee, Spring Travel Award.
$1,264.00. Funded travel to the Society of Post Medieval-Archaeology Congress. Glasgow, Scotland, UK.

2016 Office of Research. Start Up Funds
$30,500. Funded Expansion of Research opportunities, purchase of essential equipment, and Graduate Assistants.

2014 University of Glasgow, Graduate School of Arts and Humanities, Research Support Award, £300.00. Part funded travel to Eighth Biennial Meeting of Fields of Conflict International Battlefield Conference, Columbia, South Carolina, USA

DIRECTED STUDENT LEARNING

Georgia Southern University

2018-Present Chair, M.A. Committee, Sociology and Anthropology, Emily Jones
2017-2018 Chair, M.A. Committee, Sociology and Anthropology, Zach Dirnberger (Graduated)

2017-2020 Chair, M.A. Committee, Sociology and Anthropology, Colin Partridge (Graduated)

2017-Present Chair, M.A. Committee, Sociology and Anthropology, Lisa Powell

2017-2018 Research Advisor, Undergraduate Honors Thesis, Sociology and Anthropology, Julia Barnes

University of Glasgow

2014-2015 Member, PhD Committee, Department of Archaeology, Francesca Chelazzi.

2014-2015 Member, MRES Committee, Department of Archaeology, Iain Ross Wallace.

2014-2015 Advisor, Undergraduate Honours Theses, Department of Archaeology:

Leonie Teufel. Thesis: *Portrayal and Accessibility of Archaeology through Creative Graphic Content*
Alistair Branagh. Thesis: *Applications of Virtual and Augmented Reality Technology to Archaeology*

CONFERENCE PRESENTATIONS (Single Author, unless noted)

2020 *"For I am tired of Cecesia": History and Archaeology of Confederate Guards and Union Prisoners of War at Camp Lawton.* A paper presented at the Society for Historical Archaeology 2020 Conference on Historical and Underwater Archaeology. Boston, MA. January 2020.

2020 *The Creek Went Murmuring: Archaeology of Confederate Guards at Camp Lawton*. A paper presented at the Symposium on Southeastern Coastal Plain Archaeology, Douglas, Georgia. February 15, 2020.

2019 *Buckles, Bowls and Bottles: Archaeology of A Confederate Guard Camp.* A paper presented as an invited Special Guest Speaker at the Sixth Postgraduate Conference in Conflict Archaeology, Glasgow, Scotland, October 2019.

2019 McNutt, Ryan K., and Jones, Emily. *For Want of a Nail? Proxies for Analyzing POW and Guard Access to Supplies at a Confederate Prison Camp.* A paper presented at the Society for Post Medieval Archaeology Congress, Glasgow, Scotland, March 2019

2018 *Grey Ghosts: Searching for Confederates at Camp Lawton*. A paper presented at the 75th Annual Meeting of the Southeastern Archaeological Conference, Augusta, Georgia, November 2018

2018 *Grey Ghosts: Searching for Confederates at Camp Lawton*. A paper presented at the Tenth International Fields of Conflict Conference, Mashantucket, CT, September 2018.

2018 "*Panopticonism, Pines and POWS: Foucault's Theories and The Archaeology of Internment.*" A paper presented at the Symposium on Southeastern Coastal Plain Archaeology, Douglas, Georgia, February 10, 2018

2018 *"Panopticonism, Pines and POWS: Applying Conflict Landscape Tools to The Archaeology of Internment."* A paper presented at the Annual Meeting of the Society for Historical Archaeology, January 2018. New Orleans, Louisiana

2016 *Spear Superiority and (un)Knightly Warfare: Reconstructing and Modelling the Conflict Landscape of Bannockburn (AD1314) with GIS and KOCOA'.* A paper presented at the Ninth International Fields of Conflict Conference, Dublin, Ireland, 24th September 2016

2015 *Father, Father, Tell Me, Why Do The Horsemen Ride: Landscape Reconstruction And Predictive Modelling Of Scottish Battlefields From The War Of The Three Kingdoms In GIS, AD 1645-1650.* A paper presented at the 21st Annual Meeting of the European Association of Archaeologists, Glasgow, United Kingdom.

2014 *Infantry Incidents and Projectile Power: GIS and Digital Reconstruction and Modelling of Marian Battlescapes, AD 1545-47.* A paper presented at the Eighth Biennial Meeting of Fields of Conflict International Battlefield Conference, Columbia, South Carolina, USA

2013 *'When the hurly–burlys done, when the battle's lost and won...' Digital Reconstruction and Predictive Modelling of Medieval Battlescapes, AD 1303-1314.* A paper presented at the Second Annual Postgraduate Conference in Conflict Archaeology, University of Liverpool, Liverpool, United Kingdom

2011 *Finding Forgotten Fields: Towards a Methodology of Historic Landscape Reconstruction And Predictive Modelling of Battlefield Locations.* A paper presented at the First Annual Postgraduate Conference in Conflict Archaeology. University of Glasgow, Glasgow, United Kingdom.

2010 *Through a Commander's Eyes: Tactics, Terrain and a Conscious Agency of Choice in the Location of Battlefields.* A paper presented at the Scottish Theoretical Archaeology Group Conference. University of Glasgow, Glasgow United Kingdom

CONFERENCE SYMPOSIA ORGANIZED

September 2018

"Of War, But Not At War:" Conflict Archaeologies of Prisoner of War, Internment and Labour Camps. Tenth International Fields of Conflict Conference, Mashantucket, CT. A total of six papers, and multiple attendees. Co chaired with Dr. Iain Banks, University of Glasgow.

January 2020

"We Go to Gain a Little Patch of Ground. That hath in it no profit but the name": Revolutionary Research in Archaeologies of Conflict. A session at the Society for Historical Archaeology 2020 Conference on Historical and Underwater Archaeology. Boston, MA. Organizer and Chair.

FIELD AND LABORATORY EXPERIENCE

2016-Present, Director, Camp Lawton Archaeological Project, Georgia Southern University Statesboro, GA, United States

Director of ongoing archaeological investigations of a Confederate POW camp for Union soldiers occupied from July to November of 1864. Duties include maintaining and managing the on- going relationship with US Fish and Wildlife, Georgia Department of Natural Resources, Georgia Historic Preservation Division, and Georgia Southern Sociology and Anthropology.

Manage the cataloguing, access, curation and conservation of assemblages from 2010 to present. Plan and execute ongoing fieldwork and excavations in accordance with research design. Responsible for supervising, teaching, and guiding students through core field school components. Promote collection to undergraduates for research purposes. Promote the Camp Lawton Archaeological Project to the public through regular public days on site, show casing the excavations and their results, as well as through an aggressive and regular social media presence across Facebook, Instagram, and Twitter accounts. Raise the profile of archaeology in general, and at Georgia Southern in particular in the local area through public engagement and education related to Camp Lawton.

June-July 2015, Strathearn Environs and Royal Forteviot Research Project, University of Glasgow, Dunning, United Kingdom

Research and Teaching Staff. Responsible for supervising, teaching, and guiding students through core field school components. Trained undergraduate internal and external students in conducting geophysical survey using resistivity and gradiometer, processing and interpreting the resulting data. Trained students in theory and method behind topographic survey, the use of a theodolite and builder's level, before moving on to training them in the process of conducting a Topographic survey of a Hillfort with a laser Total Station. Delivered lectures and training in processing and manipulating the data collected with Total Station to produce a topographic plan of an Iron Age hillfort in GIS, and how to create a 3D model of the hillfort's shape in ArcScene. Duties also included pastoral care, participating in public archaeology open day, and educating and interacting with regular visitors to site.

2013-2014 'Quest for Bannockburn', BBC, Centre for Battlefield Archaeology, University of Glasgow

Demonstrated results of PhD research on the Battle of Bannockburn. This research used LiDAR data to reconstruct the historic landscape of Medieval Stirling and its environs. As part of the TV project, I was responsible for showcasing and explaining how LiDAR works, the benefits behind it, and how it can be applied to archaeological landscapes as an interpretation tool. I had to effectively communicate complex aspects of the technology and the interpretation to the public generally, but also to BBC producers and researchers so they could effectively communicate it to viewers. As part of this task, I was involved with interdisciplinary teams that were developing the 3D battle map for the new Bannockburn Visitor's Centre, communicating my interpretations from the LiDAR data analysed, and how it related to the production of a historically robust 3D display of Medieval Stirling

September 2014, AM261 B-24 Liberator Excavations, Isle of Arran, United Kingdom

Surveyor for the excavation of metal detected finds and excavated test units across crash site of B-24 Liberator. Responsible for excavating, GPSing metal detector find spots and test units. Data was then imported into GIS and used to produce maps of survey extent, spatial distribution of metal detected finds, and test unit locations.

June 2013 Bannockburn Big Dig, GUARD Archaeology. Stirling, United Kingdom

Supervised Centre for Battlefield Archaeology MLitt students, and volunteers during excavation of test pits in the back gardens of residents as public outreach.

May 2013, AM261 B-24 Liberator Test Excavation, Isle of Arran, United Kingdom

Assisted PhD candidate Terence Christian with metal detector survey and test excavation of WWII aircraft wreck site. Responsible for excavation assistance, recording findspots and test units utilizing Trimble GeoExplorerXT GPS unit, and exporting data as shapefiles.

April 2013, Strathearn Environs and Royal Forteviot Project, Castle Law Excavations, University of Glasgow. Dunning, United Kingdom

Supervisor: student excavations of Castle Law, an Iron Age/Early Medieval hillfort. Assisted in excavation and instructing students from University of Glasgow in excavation methods, plan and section drawings, artefact recording, and the filling in of context, structure, and cut forms. Also involved with public education and outreach through public open days and conducting local visitors around the site, explaining the research design, the goals of the excavation, and the past history of the area.

February 2013, AM261 B-24 Liberator Pedestrian Survey, Isle of Arran, United Kingdom

Assisted PhD candidate Terence Christian with walkover survey and data collection of WWII aircraft wreck site, marking and recording with GPS findspots.

September 2012, Cambuskenneth Community Project, GUARD Archaeology. Cambuskenneth, United Kingdom

Under supervision of GUARD Archaeology Ltd personnel, assisted volunteers, Centre for Battlefield Archaeology staff, and GUARD personnel with excavation of areas of Cambuskenneth Abbey.

August 2012, Strathearn Environs and Royal Forteviot Project, University of Glasgow, Dunning, United Kingdom

Supervisor: student excavations of Castle Craig Broch site. Instructed Second year students from the Universities of Glasgow, Aberdeen, and St. Andrews in excavation methods, plan and section drawings, artefact recording, and the filling in of context, structure, and cut forms. Responsible for excavation of a set of human remains found in Broch rubble. Also involved with public education and outreach through public open days and conducting local visitors around the site, explaining the research design, the goals of the excavation, and the past history of the area.

July 2012, B-17 and B-24 Pedestrian Survey, Isle of Arran, United Kingdom

Assisted PhD candidate Terence Christian with pedestrian walkover survey, and GPS recording of surface finds from two WWII-era wreck sites close to Ben Nuis.

November 2011, B-17 Pedestrian Survey, Caithness, United Kingdom

Assisted PhD candidate Terence Christian with pedestrian walkover survey, and GPS recording of surface finds from WWII-era wreck site outside Halkirk, Caithness.

September 2011, Archaeological Investigation of 1918 WWI Battle of Mont St Quentin Centre For Battlefield Archaeology, Peronne, France

Archaeological Technician, responsible for excavation, recording of features, and assisting with metal detecting survey of site of the battle in Mont St Quentin Wood. Experience with UXO and safety procedures for mitigation of danger.

August 2011, Archaeological Investigation of WWII POW Camp, Stalag Luft III Centre for Battlefield Archaeology, Zagan, Poland

Project conducted in association with GUARD Archaeology and Wildfire Television for the creation of a Channel 4 documentary about the Great Escape. Project focused on looking for the remains of escape tunnels Harry and George. Archaeological Technician, responsible for excavation and recording of features while being filmed and doing pieces to camera, communicating information gained through archaeology and material culture about the POW experience in the camp.

May 2011, Battle of Philiphaugh Project, Metal Detector Survey, Centre for Battlefield Archaeology, Philiphaugh, United Kingdom

Assisted Centre staff with supervision of volunteer metal detectorists in survey and recovery of battle-related material culture, and public outreach to the local community. Duties included the laying out of measured transects, find recording, and sub-metre accurate GPS recording of findspots.

February 2011, Bannockburn Visitors Centre, Geophysical Survey, Centre for Battlefield Archaeology, Stirling, United Kingdom.

Assisted Centre staff with geophysical survey of area chosen by the National Trust for Scotland for tree planting.

July 2010, Excavations of De Havilland Mosquito, Drumnadrochit, United Kingdom

Assisted PhD candidate Terence Christian with metal detector survey and test excavation of WWII aircraft wreck site. Responsible for excavation assistance, recording findspots, and producing plans and sections of excavated trenches.

May 2010, 'Breathing Fire:' Archaeological Search for the Livens Large Gallery Flame Projector. Centre for Battlefield Archaeology, Mametz, France.

A joint project between the Centre for Battlefield Archaeology, Cream Productions, and Musèe Somme, focused on recovering the remains of one of the last Livens Large Gallery Flame Projectors, lost beyond recall in July of 1916 during the WWI battle of the Somme in an underground gallery. Produced as a Time Team special that aired on Channel 4. Archaeological Technician, responsible for excavation and recording of features while being filmed and doing pieces to camera about information gained through the archaeology and material culture about the day-to-day life of the soldier in WWI. Experience included the excavation of set of French human remains, handed over to CWGC for reburial.

November 2009 Battle of Prestonpans Metal Detector Survey, Centre for Battlefield Archaeology, Prestonpans, United Kingdom

Assisted Centre staff with supervision of volunteer metal detectorists in survey and recovery of battle-related material culture, and public outreach to the local community. Duties included establishing grid with measured transects, interacting with local volunteers, and finds recording.

July 2009 I-55 Widening Project, Weaver and Associates, LLC, Tennessee Department of Transportation, Memphis, TN, USA

Full scale mitigation and data recovery project of the American Civil War Fort Pickering on the bluffs overlooking the Mississippi river. Archaeological Technician for the open area excavation. Duties included excavation of contexts and single features, data recording, and drawing maps and plans for excavated contexts and features. Also required to monitor mechanized stripping.

April to June 2009, Various Phase I surveys, Weaver and Associates, LLC.

Archaeological Technician for Phase I surveys in northern Arkansas, Louisiana, and Kentucky. Responsible for conducting shovel test surveys along proposed pipeline projects under supervision of project managers.

July 2008 to January 2009, Cumberland Research Group, Inc.

Staff Archaeologist. Field Supervisor of two archaeological technicians for Phase I surveys of proposed water lines, water storage tanks, and a water treatment plant in Kentucky. Duties included assisting with surveys maintaining time sheets, recording survey process in GIS, and GPS locations of positive shovel tests. Also, responsible for maintaining Finds Ledger, cleaning and photographing artefacts, equipment management, and supervising and motivating crew members.

June to July 2008, Archaeology Day Camp, Cumberland Research Group, Inc., Belle Meade Plantation, Nashville, TN, USA

Supervisor and Public Outreach officer for Archaeology Day camp for primary school children. Placed and excavated test units over probable blacksmith shop associated with 19th to 20th century plantation. Educated campers about archaeology, process behind it, laying out test units, excavation process and what artefacts and stratigraphy tell us about the past. Responsible for directing and recording excavations, and teaching archaeological methods and techniques at a primary school level.

July 2007 to January 2009, Staff Archaeologist, Cumberland Research Group, Inc.

Dual role as staff archaeologist and conservationist for historic cemeteries, both roles performed under the guidance of project managers. Archaeological work consisted of Phase I walkover and shovel test surveys, and Phase II test excavations for archaeological mitigation projects. Archaeological duties also included the termination of cemeteries, and the subsequent archaeological excavation, recording, removal and reburial of human remains from graves. Conservation work consisted of the restoration and conservation of historic grave markers through cleaning, bonding breaks and sealing spalling and damaged surfaces with specialist materials, as well as levelling, and reseating fallen tombstones.

January 2007 to July 2007, Archaeological Apprentice
USDA United States Forest Service, Golden Pond, KY, USA

Paid internship working under the Heritage Program manager of Land Between the Lakes National Recreation Area. Assisted with the maintenance and update of a GIS database of archaeological sites within the boundaries of Federal land. Responsible for conducting mitigation surveys of areas after they were subjected to controlled burns to remove overgrowth, and recording any new sites with sub-meter accurate GPS. Duties included: assisting with Heritage program planning and implementation, the compliance process; public education, outreach, site protection and preservation. Role also included data management, laboratory work, artefact analysis and accessioning, assistance with interdisciplinary project teams, and research. Responsible for assisting archaeological staff with Phase I walkover and shovel test surveys. Also responsible for assisting with the production of technical reports for the Section 106 Federal mitigation process for the conduct of controlled burns, the sale of timber, and any activity that had the potential to impact the archaeological record on Federal managed land.

June-July 2006, Middle Tennessee State University Field School Castalian Springs, TN, USA

Graduate student. Archaeological Technician for continued excavations of prehistoric Mississippian site.

August 2005, Alexander's Archaeological Consultants, Inc., Guntersville, AL, USA

Archaeological Technician for Phase I survey.

June-July 2005, Middle Tennessee State University Field School Castalian Springs, TN, USA

Student Archaeological Technician for continued excavations of prehistoric Mississippian site.

August 2004, Weaver and Associates, LLC, Waynesboro, TN, USA

Archaeological Technician for Phase III excavations on 18th to 20th century industrial Wayne Furnace Site.

June-July 2004, Middle Tennessee State University Field School, Smyrna, TN, USA

Student Archaeological Technician for excavations of 19th century African-American slave cabins at the Sam Davis Home Museum and plantation.
