# PROGRAM ADMISSION REQUIREMENTS IN INTERIOR DESIGN

MINIMUM PROGRAM ADMISSION CRITERIA:

In order to be considered for admission into the Interior Design Program, the applicants must meet the following minimum requirements:

1. **Attain admission to Georgia Southern University.**

2. **Declare interior design (INDS) as a major.**
   - Until students meet admission criteria and are admitted into the Interior Design Program, they will be considered "pre-interior design" majors. Declaring interior design as a major ensures that a student's enrollment folder goes to the College of Behavior and Social Science Advisement Center: https://cbss.georgiasouthern.edu/advisement/
   - Once the folder is at the Center, students will be able to obtain academic advising from professional advisors there who are familiar with the Interior Design Program and fully understand the requirements for application to the program.
   - Designation as a pre-interior design major is separate from the application process and does not guarantee acceptance into the Interior Design Program.

3. **Complete a minimum of first semester sophomore status (30 semester hours completed) upon applying to the program.**

4. **Achieve a minimum overall GPA of 2.25 (the overall GPA includes both transfer and institutional scores)**

5. **Complete the following Area F courses with a minimum grade of "C": INDS 2430, and 2 of the 3 art courses required in Area F, (ART 1010, ART 1020, or ART 1030)**
   - Students may be enrolled in one or more of the above courses in the same semester he/she is applying.
   - Enrollment in an Area F course at the time of application requires a mid-term grade card (card signed by the course professor which states the anticipated grade of the student at midterm). The midterm card must be signed and attached along with the online application materials.

6. **Attend 1 mandatory orientation session by an interior design faculty before applying to the program**
   - Orientation meetings are held once a semester (spring and fall only); typically two weeks prior to the deadline for applications.

7. **Submit a fully completed interior design application online via the Interior Design Program's website (see link on webpage)**

*Note: Students transferring in as an interior design major from another school will be required to have their portfolio and transcript(s) evaluated by the program coordinator who is responsible for determining which design courses remain to be taken and which design courses are eligible to receive transfer credit. No design courses will automatically transfer without prior review.*
